**EMC - Concrete**

**ULTRA COMPACT PERFORMANCE NICHE LIGHT**

Don't compromise... ask your builder or retailer for a Spa Electrics light

Spa Electrics' range of ultra-compact, high performance LED pool lights are now available for CONCRETE pools!

Designed in consultation with pool building professionals, Spa Electrics' designers and engineers have been able to solve many of the issues experienced with other niche lighting systems.

So why are ATOM-EM lights the most advanced, high performance and easily installed flush-mounted lighting available for concrete pools?

Australian patent pending

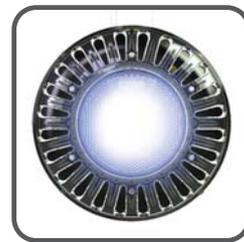

ATOM (EM-series) lights incorporate patented **PULSEWAVE®** and **DUOSINK®** technologies for superior reliability.

**bright** ✓

High-intensity single & multi-colour LEDs provide ample illumination for even the largest pools.

**reliable** ✓

Advanced LED technology and IPX8 water ingress protection means ATOM-EM Series lights will work reliably year after year.

**energy efficient** ✓

Superior LEDs and Spa Electrics' patented **DUOSINK®** and **PULSEWAVE®** technologies deliver maximum brightness with the lowest power consumption on the market today.

**exquisite colour** ✓

In both single colour & multi-colour options. Multi-colour provides brilliant colours & seamless transitions between colours.

**ultra compact** ✓

Fits in steps, swim-outs, ledges & footwells.
